

## Truly. Yours

Truly. by OM brings together thoughtfully curated choices, sophisticated backrest design, and a high-end aesthetic, all in one flexible chair that fits into any productivity environment.

OM chair families often evolve faster than the speed of print. So, if there are any features or styles you don't see here, please be sure to check our online home for the most up-to-date info: [omseating.com](http://omseating.com)

THE  
BOSS

Truly. The Boss

You've already got the boss ideas, now get the boss look. Truly. follows your cues as you sit and as you move. The responsively-engineered TruFit™ Polyback system provides patent-pending working support, letting you focus your thoughts on conquering your work day, one email at a time!

Model: TY688 with Headrest Arms: AR-485  
Polyback: Modern Black  
Finish: Polished Aluminum (base, cylinder & yoke)  
Seat: Designtex Pivot-Volcanic Ash

# Truly. Conference

Minds, meet Comfort. Comfort, meet Results. When a subtle tool like your chair has got your back, there's really no telling what you might accomplish. Padded upholstered backrests. Supportive, articulating headrests. Crisp, aluminum-bodied loop arms. It's all about the small victories along the way when you're dealing with the battlefield of the minds.

Model: TY618 Arms: AR-81 Polyback: Arctic White  
Finish: Polished Aluminum (base, cylinder & yoke)  
Seat and Back Performance Wrap: Momentum Silica-Cumulus

Truly. Productive

Models: TY608 (left, center), TY678 (right) Arms: JR-69 Polyback: Modern Black  
Finish: Black Powder Coat Aluminum (base, cylinder & yoke)  
Seat: Designtex Hashtag-Chalkboard

Isn't the next Big Thing already here? Truly. boldly offers what other high end, technical backrest chairs seemingly can't. Raise your game – and your back height – to new levels while also adjusting your lumbar region's firmness through Truly.'s lively, bowable polyback design.

## TruFit™ Back System

The responsively-engineered TruFit™ Polyback system provides patent-pending working support. The perforated design is engineered to respond and recover, channeling flex and support to the areas that need it.

## Backrest Adjustment

The back height adjusts and allows you to set the back to your preferred height with 4" of vertical back adjustment and 9 different positions.

## Lumbar Adjustment

A cable-driven lumbar area tension adjustment allows for a generous lumbar support curve for multiple body types. The lumbar adjustment knob turns to fine tune the amount of support received.

## Stool Options

Counter-height work surface seating with adjustable or fixed foot rests available.
